

SUMMER PROGRAMS

Summer 2021 First Student Bus Service

We are offering limited bus service to Lakeside campus via First Student at a cost of \$100 per week. **Financial aid is available.** You may sign up for bus service during the registration process.

There is one bus route offered **June 21-July 2** and two bus routes offered **July 6-July 30**. There is no bus service for athletic camps or courses that take place in August.

7)	8501 SE 40th ST, MERCER ISLAND (TRINITY LUTHERAN CHURCH)	4:48

Key information regarding bus safety during COVID-19

- The First Student school bus capacity is 72 passengers, seated. Ridership is reduced to 24-26 riders per bus, with one rider per bench. Siblings will sit on the same bench.
- The distance between students in window seats across the aisle is six feet. The seatbacks on buses are 25' tall, creating a barrier. Tape and stickers on seats will convey social distancing requirements.
- Buses will be disinfected daily.
- There will be one-way movement on the buses, with loading back to front and exiting front to back.
- During the trip, bus windows and ventilation roof hatch will remain open, unless it is unsafe to do so due to driving rain or snow.
- Drivers are trained to follow safety protocols, such as wearing a face covering while driving (unless it impairs vision) and while loading/unloading the bus, self-screening for COVID symptoms, and staying home if unwell.
- Drivers will be tested for COVID-19 weekly at Lakeside along with all faculty and staff.
- Students are expected to wear facemasks while riding the bus, maintain social distance while waiting, embarking, and disembarking, minimize touching surfaces on the bus, and wash/sanitize their hands after completing their ride.
- Each student-rider will be given a face shield to keep. We ask that students wear the face shield for additional protection while riding the bus, however, the face shield must not replace the facemask.
- More information is available here: [Safe Start](#)
