2022 HOMEWORK POLICY FOR UPPER SCHOOL COURSES

Students who attend classes in the summer at Lakeside are expected to be in class every day, to be on time every day, and to be fully engaged in class. In addition to being punctual and in class every day, students must also do all of the assigned homework. Because of the importance of all students being ready to fully participate in class, the following procedure will apply to all students:

- If a student comes to class unprepared (did not attempt all homework), that student will be given a warning and will be expected to complete the missed assignment for the next day.
- The second time that a student comes to class unprepared, that student must meet with the Summer School Upper School Director. The Summer School administrative team will decide on next steps, which may include dropping the student from the class, in which case no refund will be awarded to the family. For classes that award credit and record a grade, no credit will be given, and a failing grade will be noted on the transcript.

Students and parents should be careful in how they plan their summer, reducing the student's number of extracurricular activities. Activities like sports, music lessons, and volunteer activities should be limited during the time the student is enrolled in Summer School.
